PROFESSIONAL EXPERIENCE

Junior Frontend Developer | March 2023 – December 2023
Arity Technologies, Gurugram, Haryana
Have joined Arity Technologies as a frontend developer on the project of creating a web page for an ecommerce platform. In my role, I was responsible for:

- Have completed Button component functionality related bugs and designing with React, React Router and SCSS in one sprint.
- Have completed 3 web pages designing bugs with SCSS in two sprints. These web pages involved targeting media queries for specific breakpoints across various devices.
- Collaborating with senior developer for constructive feedback for fixing bugs relating to button functionality in one sprint.
- Collaborated with back-end developers to merge front-end elements with server-side functionalities.
- Ensured that components met accessibility standards (e.g., proper alt text for images, semantic HTML tags in two sprints.)
- Ensuring front-end validation with Bootstrap 5 in one sprint.

EDUCATION

- Started with Scrimba courses 'Learn React for Free' and 'The Advanced React Course' mentored by Bob Ziroll in March 2022 and completed in June 2022.
- Started with Udemy course 'Web Development Vanilla JS/React' mentored by Colt Steele in January 2022 and completed in February 2022.

- Started Bachelor of Arts in Philosophy from Banaras Hindu University (BHU) from July 2017 to July 2021 with 62.7%.
- Completed Higher Secondary from Assam Higher Secondary Education Council (AHSEC) with 72.4% in July 2016
